How to make of sample contents
[BRIDAL]

visuamall Support Center

Set music as the BGM for the content

Click on the "Insert" tab, and select the "Resource Button", then the "Select Resource" window pops up.

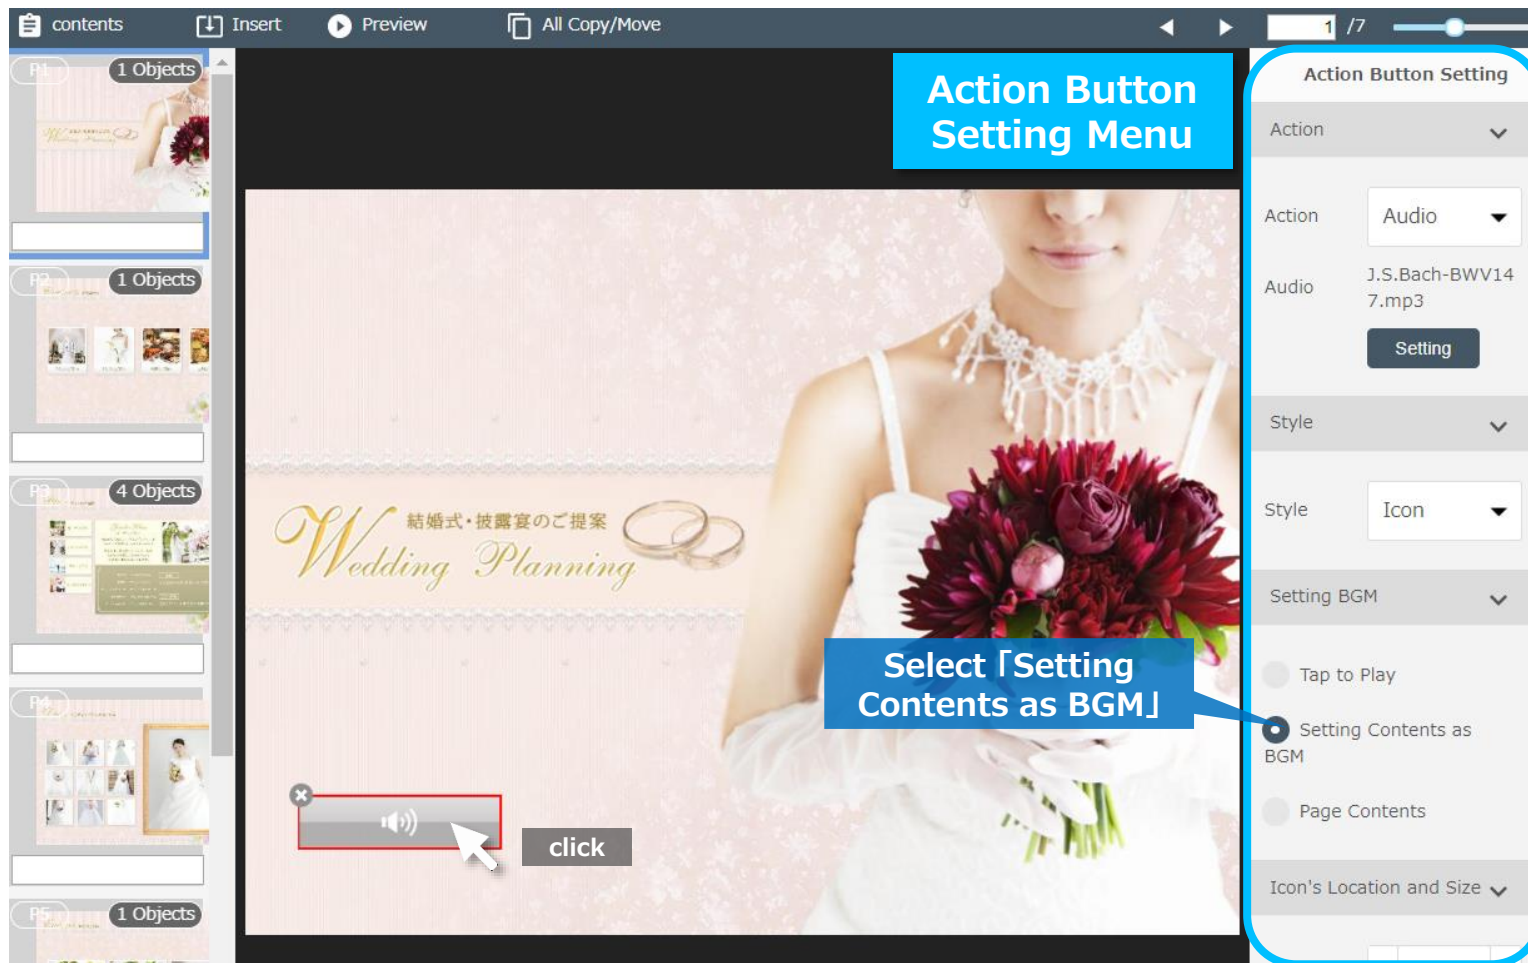

Select "Audio" at "Type" and perform "Search", then select an audio file.

The screenshot shows the Smart Catalog interface. The top navigation bar includes 'contents', 'Insert', 'Preview', and 'All Copy/Move'. The 'Insert' tab is active, and the 'Resource Button' is selected. The 'Select Resource' dialog box is open, showing a search for audio files. The 'File Name' field is empty, and the 'Resource Memo' field contains 'Resource Memo'. The 'type' dropdown is set to 'Audio'. The 'Sort' dropdown is set to 'ID', and the 'Sort Type' dropdown is set to 'desc...'. The 'Search' button is highlighted. Below the search results, a table lists the files:

ID	Thumbnail	Resource File Name	Resource Memo
75		J.S.Bach-BWV147.mp3	
33		uyax_005 09 Pray for 20110311.mp3	J.S.Bach-BWV147.mp3

The 'Select' button is highlighted. A blue callout box points to the 'Audio' type dropdown with the text 'Select [Audio]'. A red box highlights the 'Insert' tab and the 'Resource Button'. A red box highlights the 'Select' button. A red box highlights the checkbox for the first row in the table. A red box highlights the 'Search' button. A red box highlights the 'Action Setting menu' button.

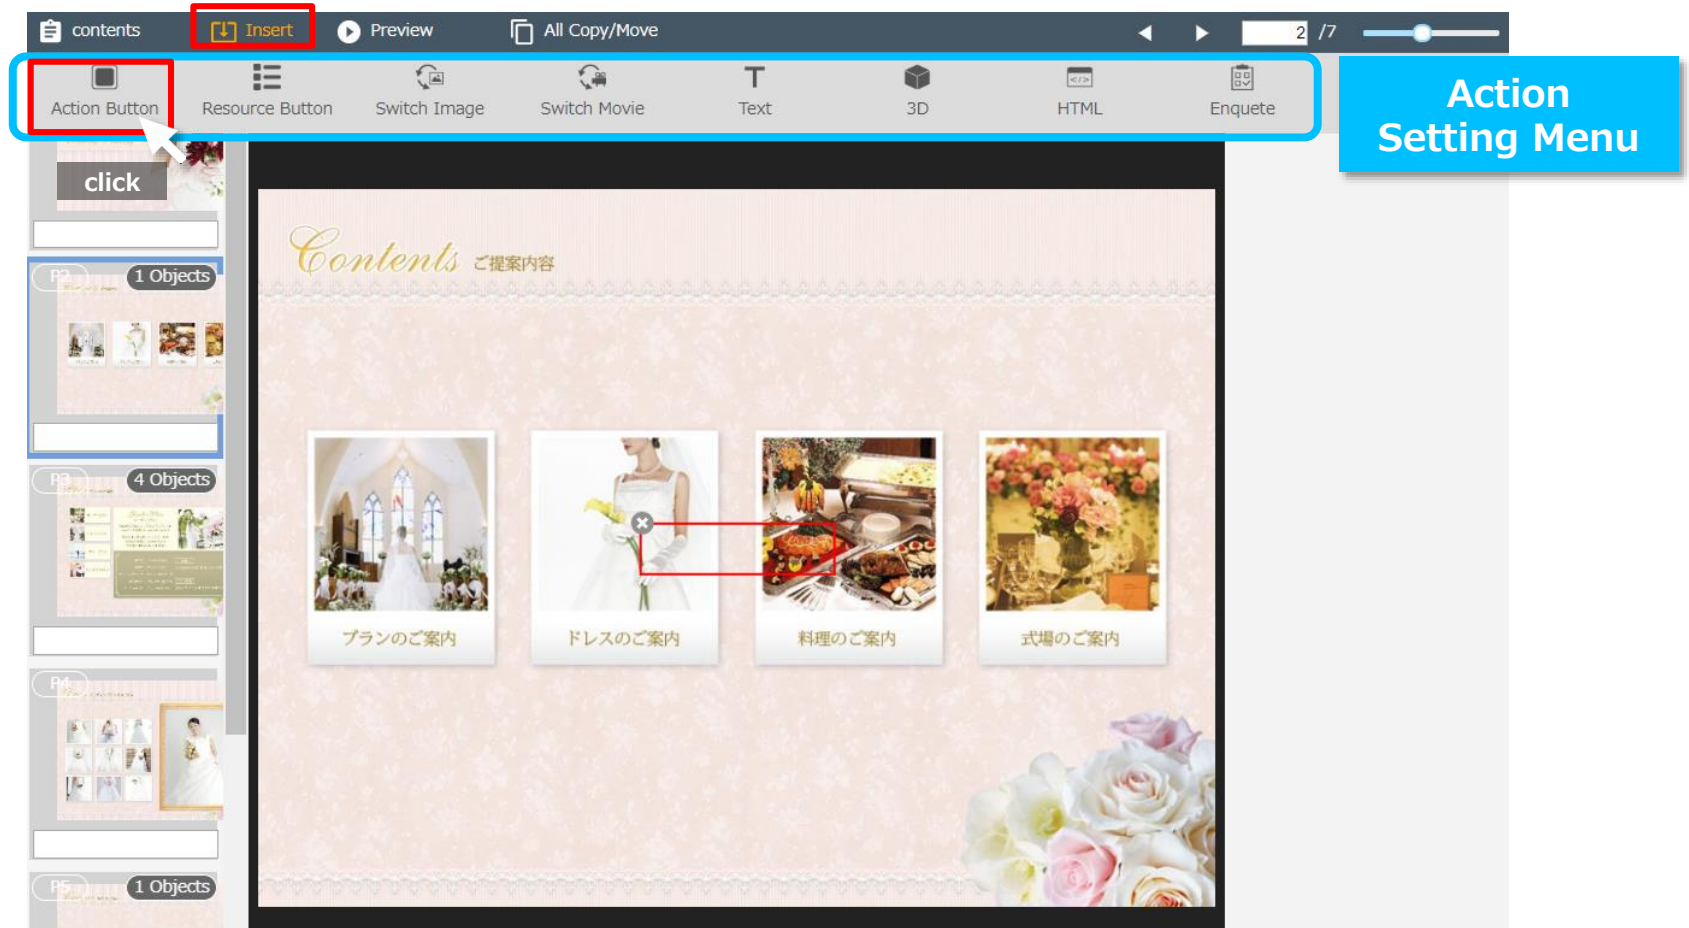

Modify the position and size for the button appeared.
Click on the button, then the action setting menu for the button appears on the right side of the screen.
Select "Setting Contents as BGM".

Set a button to jump to other page

Click on the "Insert" tab, and select the "Action Button", then a button appears at the center of the "Main View".

Modify the position and size for the button appeared.

Click on the button, then the action setting menu for the button appears on the right side of the screen.

Select "Move Page", then set the page number to jump.

The screenshot displays a catalog editor interface. On the left, a sidebar shows a list of pages (P1, P2, P3, P4, P5) with object counts. The main workspace shows a 'Contents' page with a decorative background and four buttons: 'プランのご案内' (Plan), 'ドレスのご案内' (Dress), '料理のご案内' (Food), and '式場のご案内' (Venue). A red box highlights the 'プランのご案内' button, with blue arrows indicating its movement and a 'drag' label. A 'click' label points to the 'ドレスのご案内' button. On the right, the 'Action Button Setting' menu is open, showing the 'Action' dropdown set to 'Move Pa...', the 'Page' field set to '3', and a 'Set to [3] Page' label. Other settings include 'Style' (Invisible...), 'Round Rect' (0), 'Background Color' (00CCCC), and 'Background Transparenc' (0).

Set a button for switching image

Click on the "Insert" tab, and select the "Switch Image" button, then a button appears at the center of the "Main View".

Modify the position and size in accordance with the area for showing the images in switching style.

The screenshot displays the Smart Catalog editor interface. At the top, the 'Insert' tab is selected, and the 'Switch Image' button is highlighted with a red box. A blue box labeled 'Action Setting Menu' is overlaid on the right side of the interface, showing the 'Switching Method' set to 'Button' and the 'Image' set to 'Setting'. The main view shows a wedding plan page with a 'Switch Image' button placed over a section of text. A blue box labeled 'Switch Image Area' is overlaid on the button, and a 'drag' label is visible near the bottom right corner of the button. The 'Location and Size' panel on the right shows the following values: X Coordinate: 288.11, Y Coordinate: 164.51, Width: 200, Height: 50.

Click on the button, then the action setting menu for the button appears on the right side of the screen.

Select "Button" as the "Switching Method", and click on the "Setting" button.

Then the "Select Resource" window pops up.

Check on for the images to use, then click on the "Select" button.

The screenshot shows two overlapping windows from a software interface. The 'Select Resource' window is in the foreground, displaying a search interface with fields for 'File Name', 'Resource Memo', and 'type' (set to 'Image'). It includes a table of resources with columns for ID, Thumbnail, Resource File Name, and Resource Memo. Three rows (IDs 42, 41, and 40) are highlighted with a red box and a 'check' label pointing to their checkboxes. A 'Select' button is also highlighted with a red box. The 'Switch Image Setting' window is partially visible behind it, showing 'Switching Method' set to 'Button' and a 'Setting' button highlighted with a red box and a 'click' label. A blue callout box labeled 'Switch Image Setting Menu' points to the top of the 'Switch Image Setting' window, and another blue callout labeled 'Select [Button]' points to the 'Button' radio button.

39		2577856.jpg	

"Switch Button(s)" appear at the right side of the area for showing the images.
Modify the position and size for the "Switch Button(s)".

The screenshot shows a design tool interface for creating a wedding catalog page. The main canvas displays a page titled "Plan" with a list of wedding plans: "ガーデンプラン", "チャペルプラン", "サマープラン", and "ワンダフルプラン". A "Switch Button" is highlighted with a blue box and a blue arrow pointing to the right, indicating its position relative to the image area. The right-hand panel, titled "Switch Image Setting", contains the following options:

- Display Method: Button Tap
- Switching Method: Button Tap
- Image: プライダル03(サマープラン).png プライダル03(チャペルプラン).png プライダル03(ガーデンプラン).png
- Location and Size:
 - X Coordinate: 286.71
 - Y Coordinate: 180.01
 - Width: 644
 - Height: 482

Click on the "Switch Button(s)", then the action setting menu for the button appears on the right side of the screen.

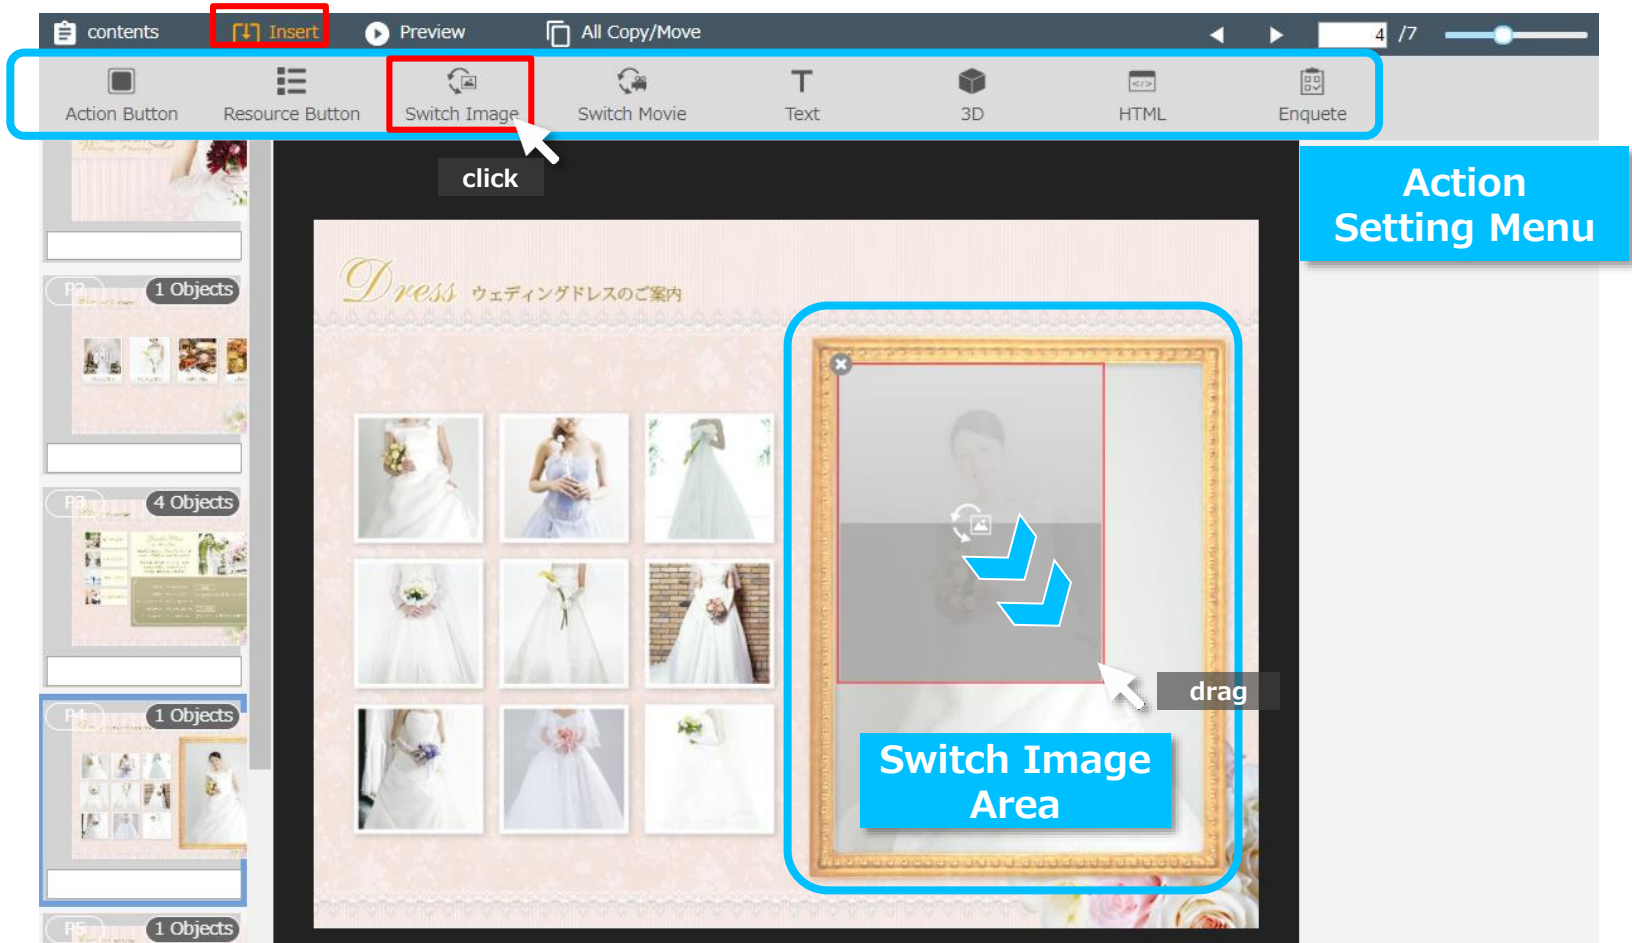

Then select "Invisible Button" as the "Style" for the button(s).

The screenshot shows a catalog editor interface. On the left, there is a sidebar with a list of pages (P1 to P5) and their object counts. The main area displays a wedding plan page titled "Plan プランのご案内". It features several plan options: "ガーデンプラン", "チャペルプラン", "サマープラン", and "ワンダフルプラン". A blue callout box labeled "Action Button Setting Menu" points to a semi-transparent menu that appears over the "サマープラン" button. This menu is titled "Action Button Setting" and includes the following settings: "Display Contents" (set to "ブライダル03(サマー-プラン).png"), "Style" (set to "Invisible Button"), "Round Rect" (set to 0), "Background Color" (set to 00CCCC), "Background Transparen" (set to 0), and "Label" (set to an empty field). A blue callout box labeled "Select 'Invisible Button'" points to the "Style" dropdown menu. A "click" label with an arrow points to the "サマープラン" button.

Set a button for switching image (Refrain)

Click on the "Insert" tab, and select the "Switch Image" button, then a button appears at the center of the "Main View".
Modify the position and size in accordance with the area for showing the images in switching style.

Click on the button, then the action setting menu for the button appears on the right side of the screen. Select "Button" as the "Switching Method", and click on the "Setting" button.

Then the "Select Resource" window pops up.

Check on for the images to use, then click on the "Select" button.

The screenshot shows two overlapping windows from a software interface. The 'Select Resource' window is in the foreground, and the 'Switch Image Setting' window is partially visible behind it. Annotations include a blue callout box pointing to the 'Switch Image Setting' window, a blue callout box pointing to the 'Button' option in the 'Switching Method' section, a red box around the 'Setting' button in the 'Image' section, a red box around the 'Select' button at the bottom, and a 'check' label with an arrow pointing to the checkboxes in the resource list.

"Switch Button(s)" appear at the right side of the area for showing the images.
Modify the position and size for the "Switch Button(s)".

The screenshot displays a catalog editor interface. On the left, a vertical sidebar shows a preview of five pages (P1 to P5) with object counts. The main workspace shows a page titled "Dress ウェディングドレスのご案内" with a grid of wedding dress images. A large, semi-transparent frame is overlaid on the right side of the image grid. A blue callout box labeled "Switch Button" points to a button on the right side of this frame. A "drag" label with a double arrow indicates the button's movement. The right-hand panel, titled "Switch Image Setting", contains the following controls:

- Display Method: dropdown menu
- Switching Method: Button Tap
- Image: Setting button
- Image list: A list of image files with delete icons, including 10009957_72A.jpg, 185-061_350A.jpg, CV065.JPG, CV035.JPG, CV033.JPG, 10602054_72A.jpg, 185-003_350A.jpg, and 13900501_72A.jpg.
- Location and Size: dropdown menu
- X Coordinate: Input field with a value of 551.16 and minus/plus adjustment buttons.

Click on the "Switch Button(s)", then the action setting menu for the button appears on the right side of the screen.

Then select "Invisible Button" as the "Style" for the button(s).

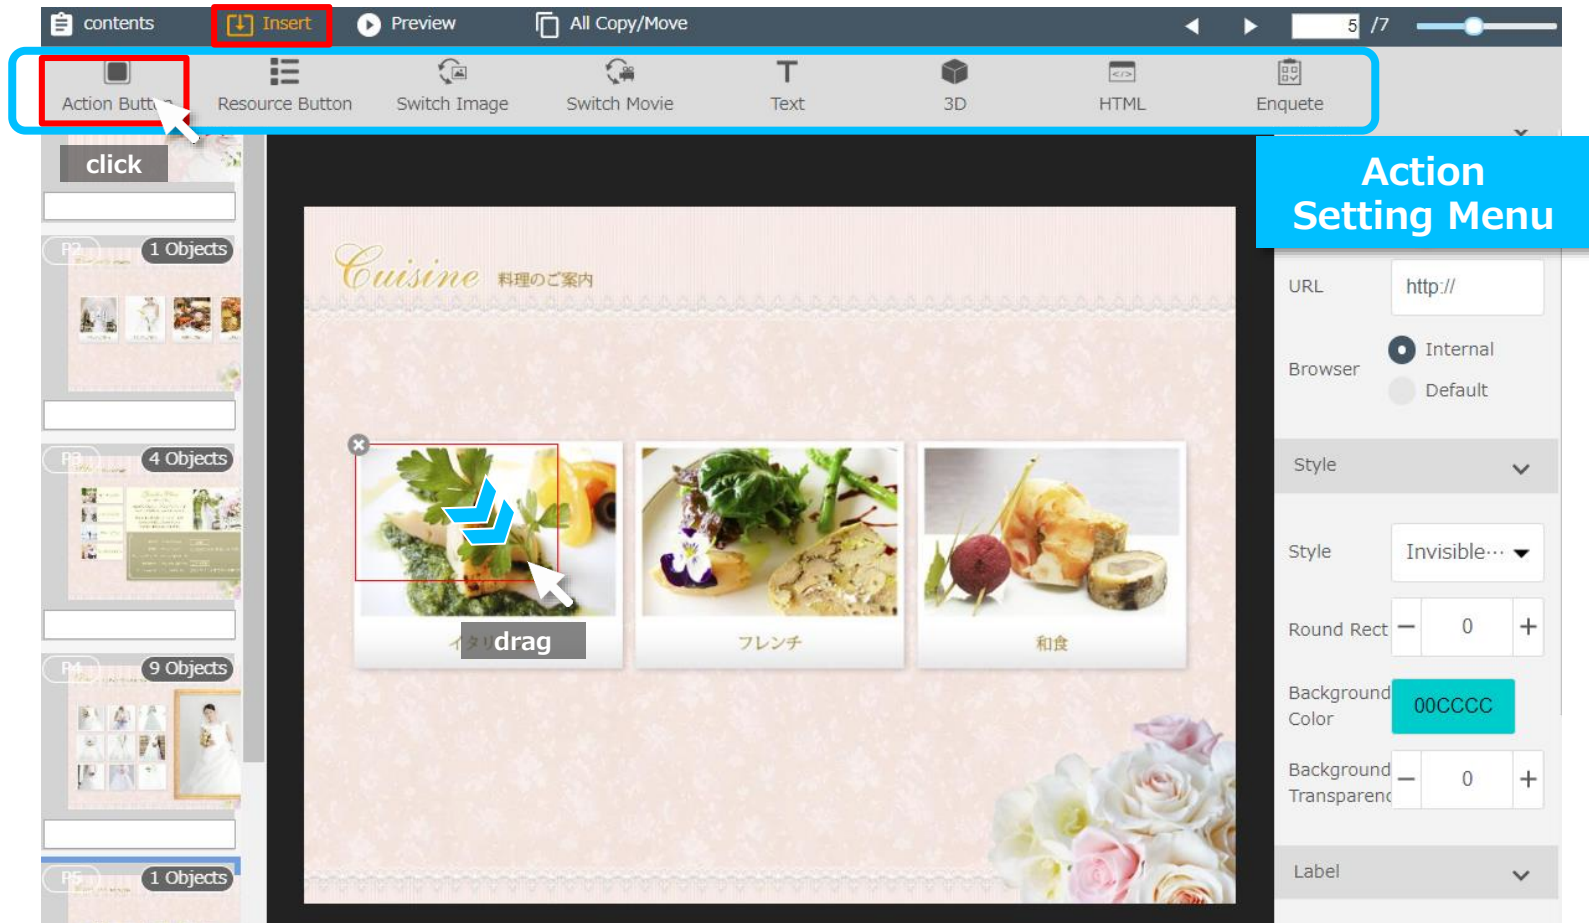

The screenshot displays a catalog editor interface. On the left, a vertical sidebar shows a preview of five pages (P1 to P5) with object counts. The main workspace shows a page titled "Dress ウェディングドレスのご案内" with a grid of nine wedding dress images. A large, semi-transparent frame is overlaid on the grid, and a mouse cursor is clicking on the image in the middle-right position. A blue callout box with the text "click" points to the cursor. On the right side, an "Action Button Setting" menu is open, showing a preview of the selected image (CV065.JPG) and a dropdown menu for "Style" set to "Invisible...". Below the style dropdown, there are controls for "Round Rect" (set to 0) and "Background Color" (set to 00CCCC). A blue callout box with the text "Select [Invisible Button]" points to the "Style" dropdown.

Set an "Image Preview" to show images in the slide show style

Click on the "Insert" tab, and select the "Action Button", then a button appears at the center of the "Main View".

Modify the position and size for the button appeared.

Click on the button, then the action setting menu for the button appears on the right side of the screen.

Select "Image Preview", and click on the "Setting" button.

The screenshot displays the Smart Catalog editor interface. On the left, a sidebar shows a list of pages: 'contents', 'P2 (1 Objects)', 'P3 (4 Objects)', 'P4 (9 Objects)', and 'P5 (1 Objects)'. The main workspace shows a page titled 'Cuisine 料理のご案内' with three food images: 'イタリアン' (Italian), 'フレンチ' (French), and '和食' (Japanese). A red box highlights the 'イタリアン' image, and a 'click' label with an arrow points to it. On the right, the 'Action Button Setting' menu is open, showing the 'Action' dropdown set to 'Image P...'. A red box highlights the 'Setting' button, and a blue callout bubble points to it with the text 'Select [Image Preview]'. Other settings in the menu include 'Style' set to 'click', 'Invisible...', 'Round Rect' (0), 'Background Color' (00CCCC), and 'Background Transparenc' (0).

Page5.Set to IMAGE PREVIEW

The image preview window appears.

Click on the "Image Select" button, then the "Select Resource" window pops up.

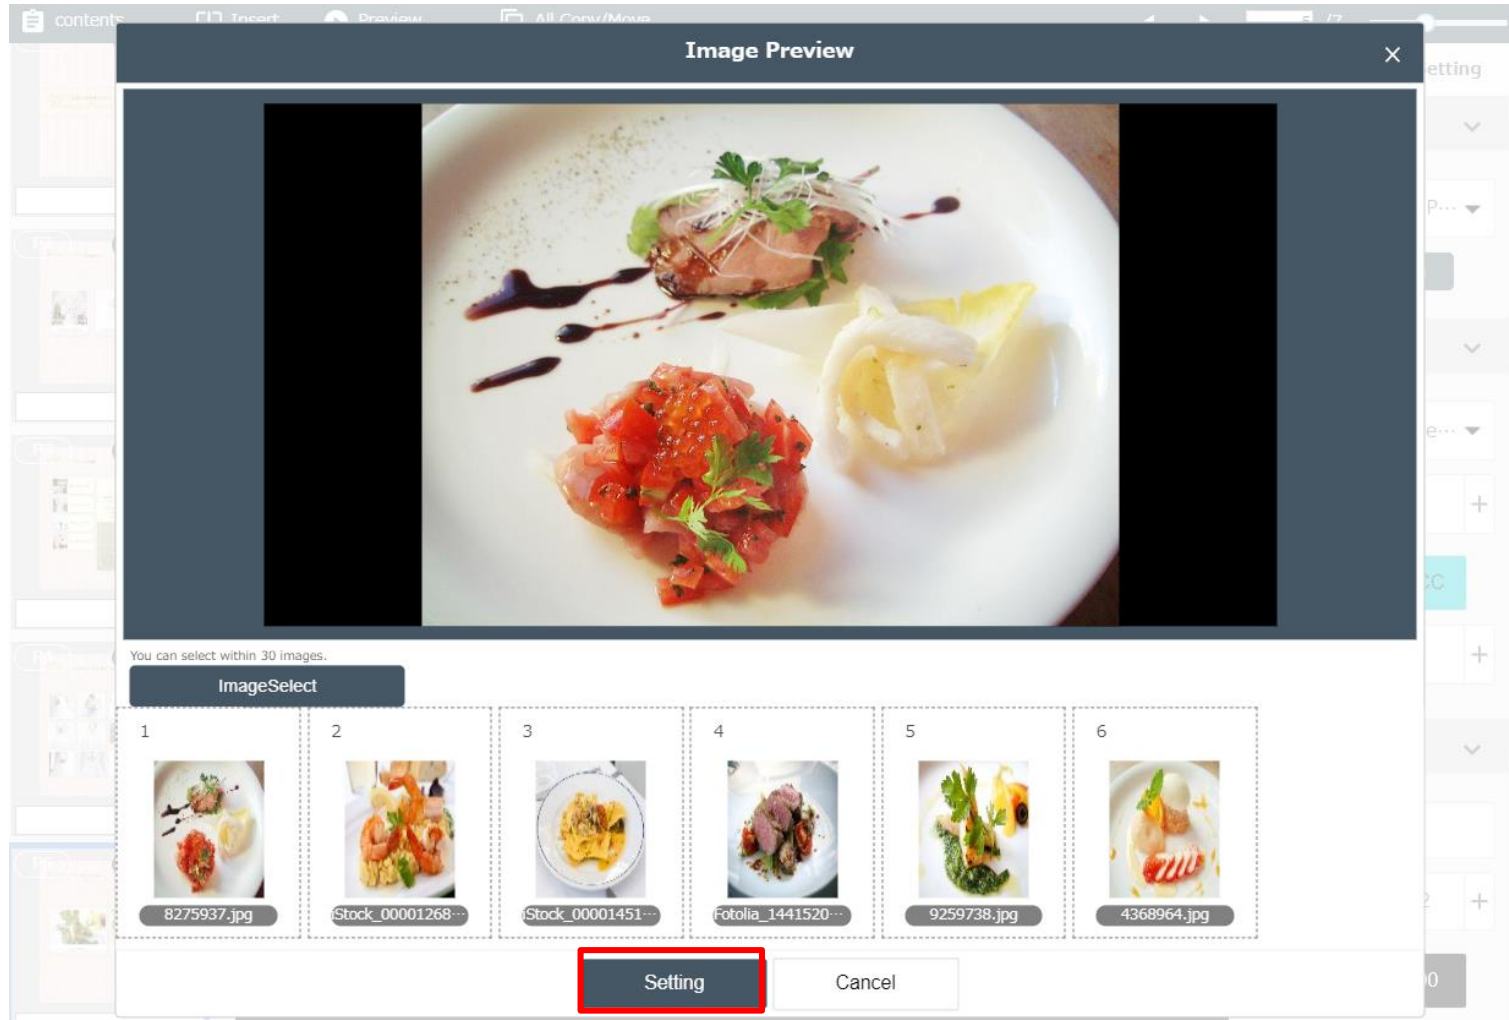

Check on for the images to use.

The screenshot shows a software interface with two main windows. The 'Select Resource' window is in the foreground, displaying a search interface and a table of resources. The 'Image Preview' window is in the background, showing a large black area for image viewing. The 'Select Resource' window has a search bar, a 'Resource Memo' field, and a 'type' dropdown set to 'Image'. Below the search bar are 'Sort' and 'Sort Type' dropdowns, and 'Search' and 'Clear' buttons. A table lists resources with columns for ID, Thumbnail, Resource File Name, and Resource Memo. The first five rows are checked, and a 'check' label is overlaid on the second row. At the bottom of the 'Select Resource' window are 'Select' and 'Cancel' buttons. The 'Image Preview' window has a close button and a 'Setting' button at the bottom. A 'click' label is overlaid on the 'ImageSelect' button at the bottom of the interface.

ID	Thumbnail	Resource File Name	Resource Memo
60		8275937.jpg	
<input checked="" type="checkbox"/>		iStock_000012680791Small.jpg	
58		iStock_000014516422Small.jpg

56		9259738.jpg	

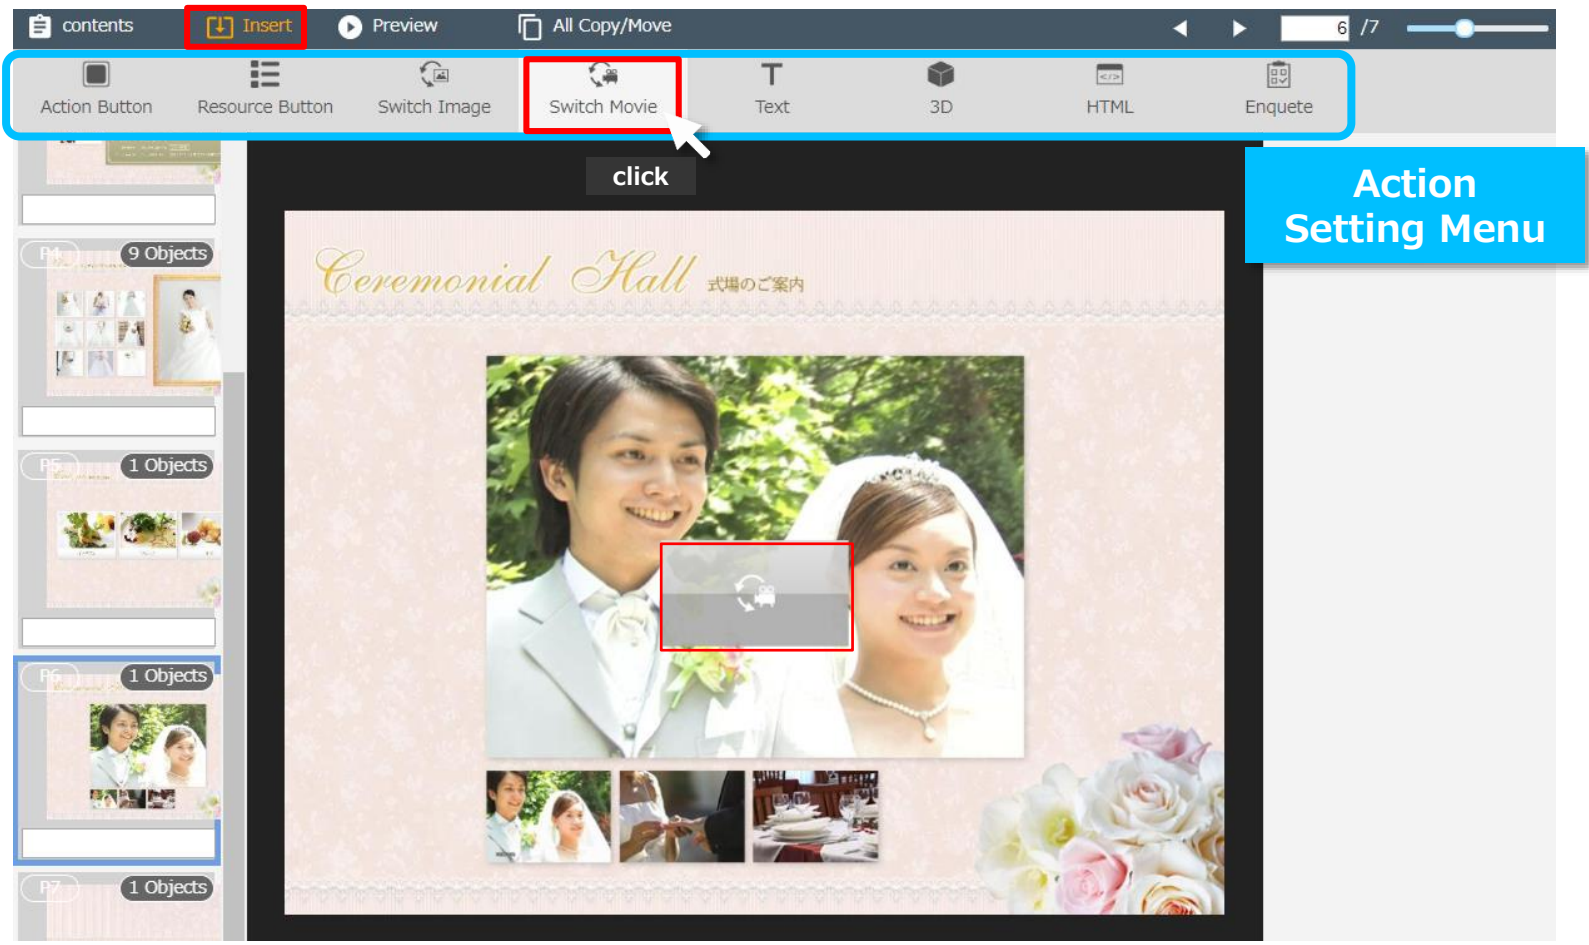

Click on the "Select" button then the "Select Resource" window closes.

Set a button for switching video

Click on the "Insert" tab, and select the "Switch Movie" button, then a button appears at the center of the "Main View".

Click on the button, then the action setting menu for the button appears on the right side of the screen.

Set "4:3" for the "Aspect", then modify the position and size for the button in accordance with the area for showing the videos in switching style.

The screenshot shows a video editing software interface. On the left is a slide navigation pane with thumbnails for pages P4, P5, P6, and P7. The main preview area displays a wedding-themed slide titled "Ceremonial Hall" with a video player. A blue box labeled "Switch Movie Area" highlights a video player on the slide. A "drag" label with an arrow points to the video player. On the right, a "Switch Movie Setting" menu is open, showing the "Aspect" dropdown set to "4:3". A blue callout bubble points to the "4:3" option with the text "Select 「4:3」". The menu also shows "Display Method", "Movie" (with a "Setting" button), and "Location and Size" settings for X Coordinate (212.85), Y Coordinate (153.11), Width (381), and Height (285).

Click on the "Setting" button for "Movie", then the "Switch Resource" window pops up. Check on for the videos to use, and click on the "Select" button.

The screenshot shows the 'Switch Resource' window in the foreground, which is used to select video resources. It features search filters for File Name, Resource Memo, and type (set to 'Movie'). A table lists available resources with columns for ID, Thumbnail, Resource File Name, and Resource Memo. Two resources are checked: ID 53 (GettyImages_113473102_m1.mp4) and ID 44 (GettyImages_102953390_n.mp4). A 'check' button is positioned over the second checked row. At the bottom, 'Select' and 'Cancel' buttons are visible. A blue callout box labeled 'Switch Movie Setting Menu' points to the 'Setting' button in the 'Switch Movie Setting' window on the right. This secondary window shows configuration options for the movie, including Aspect (4:3), Location and Size (click), and X, Y, Width, and Height coordinates.

"Switch Button(s)" appear at the right side of the area for showing the videos.
Modify the position and size for the "Switch Button(s)".

The screenshot shows a presentation software interface. The main slide is titled "Ceremonial Hall 式場のご案内" and features a large video player showing a wedding scene. A blue box labeled "Switch Movie Area" is overlaid on the video player, with a "drag" label and arrows indicating it can be moved. A smaller blue box labeled "Switch Button" is positioned to the right of the video player, containing a small video thumbnail, with a "drag" label and arrows indicating it can be moved. On the left side, there is a "contents" panel showing a list of slides with object counts: P4 (9 Objects), P5 (1 Objects), P6 (3 Objects), and P7 (1 Objects). On the right side, there is an "Action Button Setting" panel with the following settings: "Display Contents" (dropdown), "Style" (Image), "Image" (GettyImages_102953390_n.mp4), "Setting" (button), and "Location and Size" (X Coordinate: 213.4, Y: 504.45).

Click on the "Switch Button(s)", then the action setting menu for the button appears on the right side of the screen.

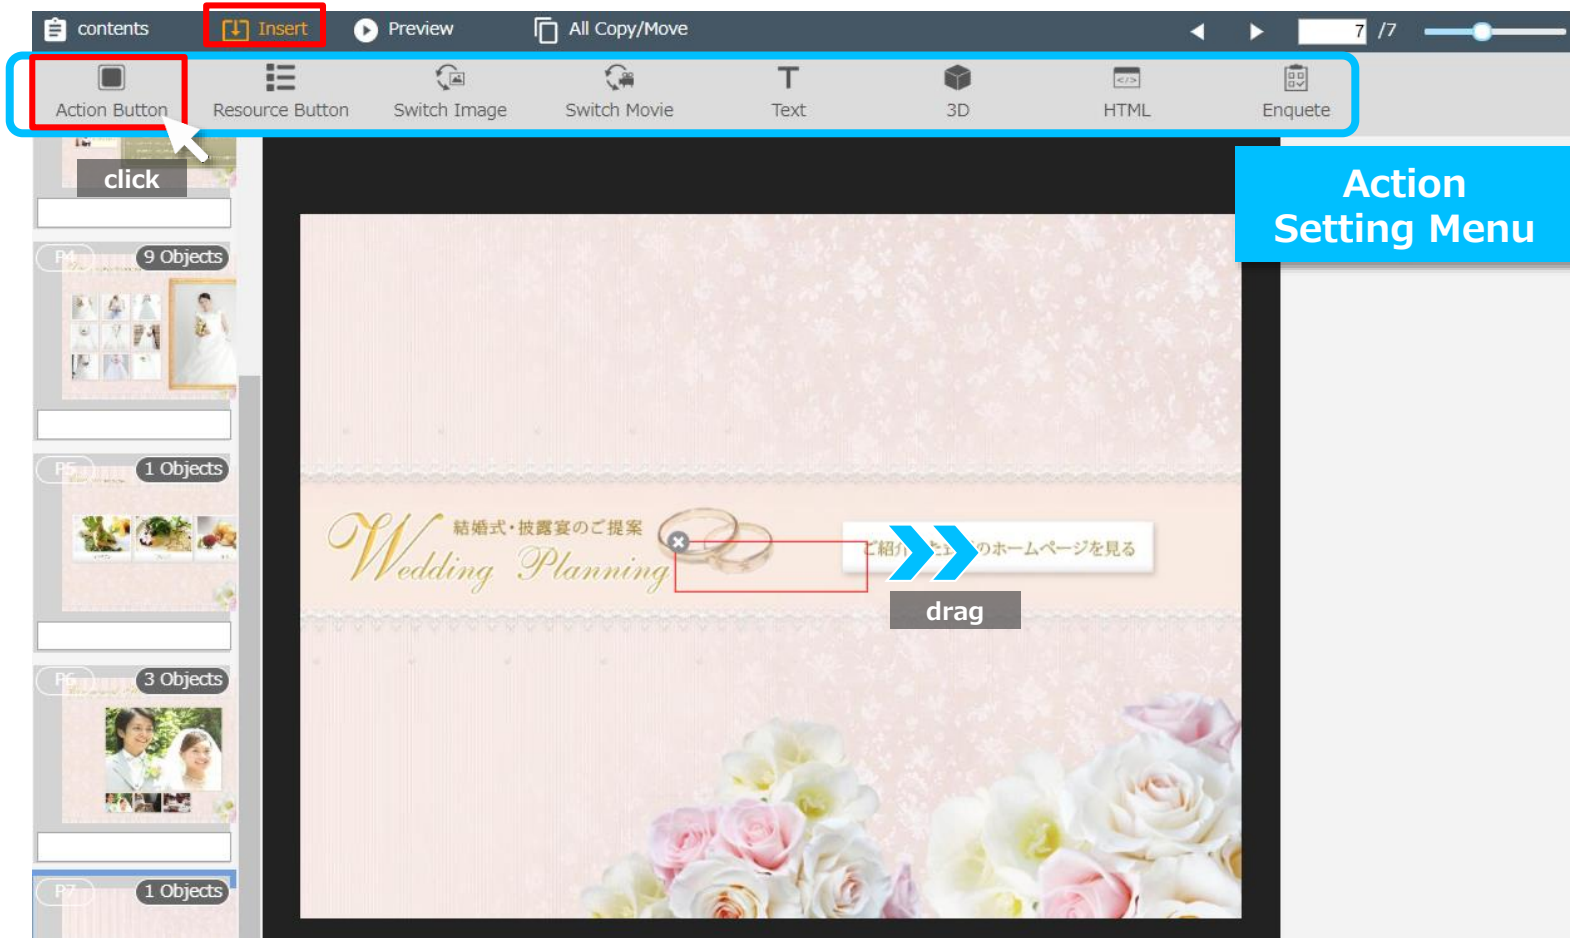

Then select "Invisible button" as the "Style" for the button(s).

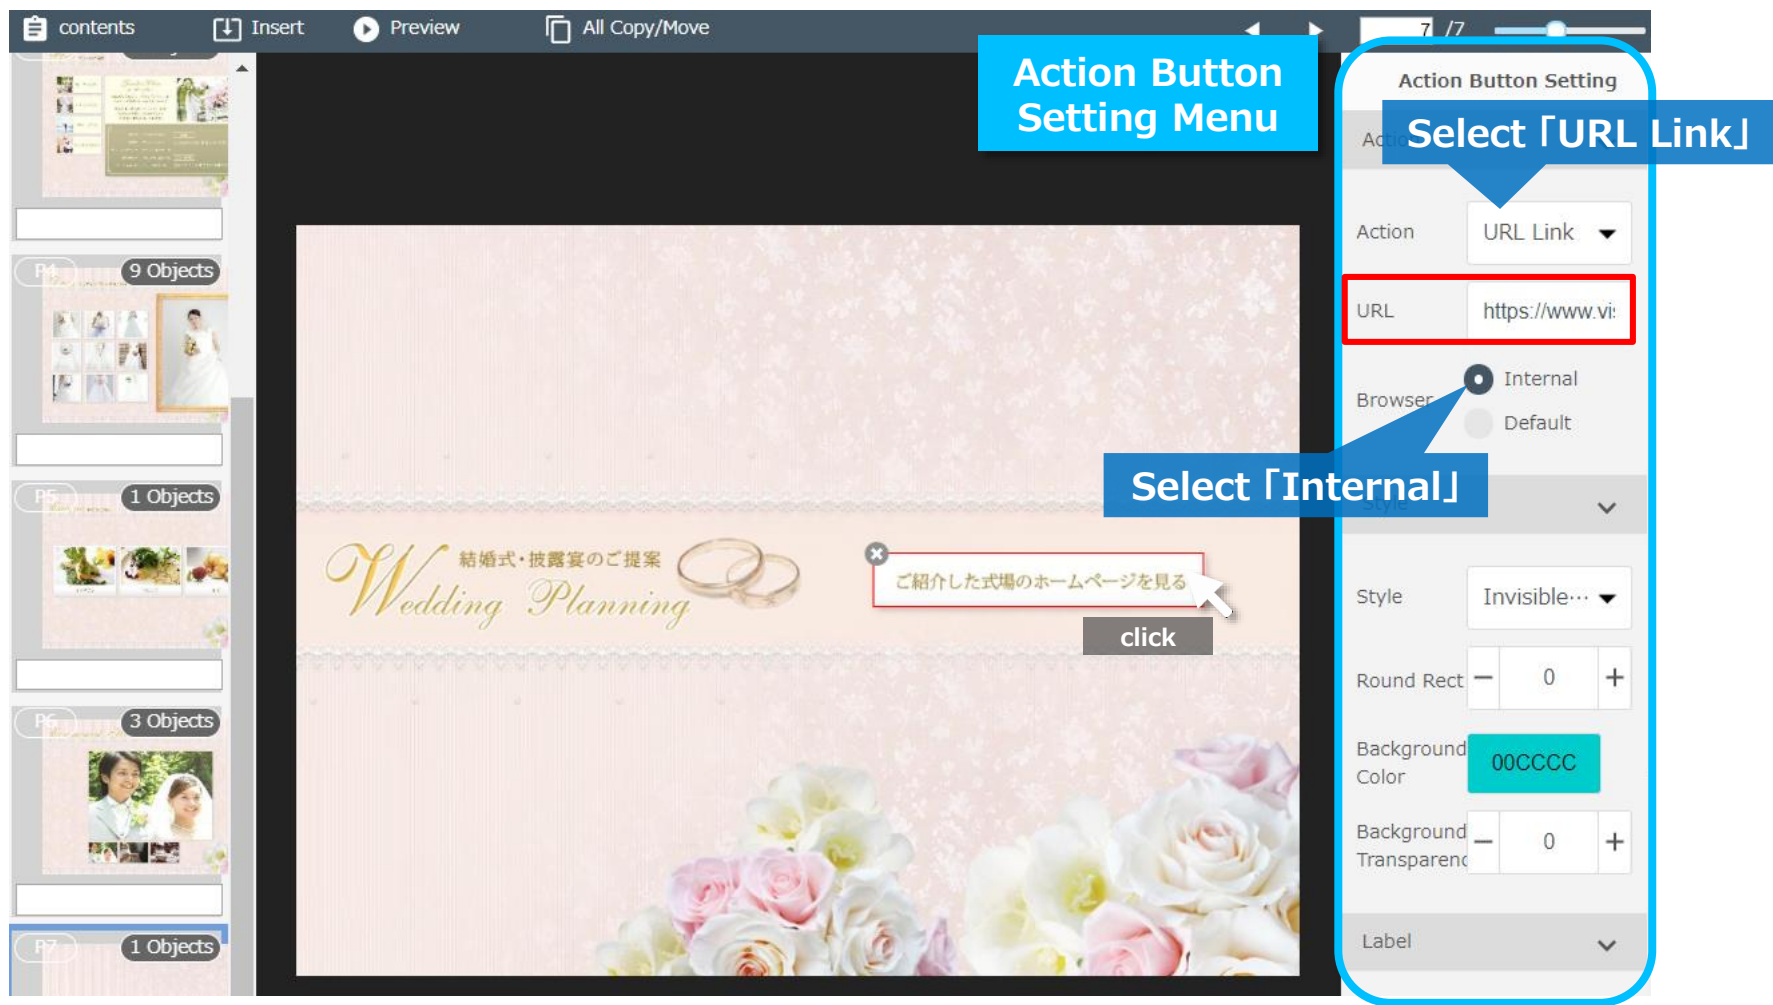

Set a link to jump to a URL

Click on the "Insert" tab, and select the "Action Button", then a button appears at the center of the "Main View". Modify the position and size for the button appeared.

Click on the button, then the action setting menu for the button appears on the right side of the screen.

Select "URL Link", then enter the URL to jump. Select "Internal" for the "Browser".
